

Baldwin Filters' FleetStrip™ Kit Makes Coolant Testing More Efficient

Colour-Coded Chart instantly tells you the condition of your supplemental coolant additives and what you should do next.

Simple To Use - absolutely no mixing or measuring of coolant is needed.

One-Step Testing saves time by measuring freeze point, nitrate and molybdate levels on a single strip.

Z-CTK5029-4 4 test strips
 Z-CTK5029 50 test strips

Economical System provides 50 tests per kit and costs less than multi-strip or titration methods.

Universal Test Kit will test all types of SCAs.

Accurate, Easy-To-Read Results are assured by the latest in diagnostic medical strip technology.

Baldwin Filters' coolant filtration line includes high quality additives such as BTE, coolant system cleaners and heavy-duty filters.

Baldwin Filters' FleetStrip™ kit is a one-step way to test your coolant system. Equally important, it's universal - making it easy to monitor any type of conventional coolant formulation. Find out how FleetStrip can aid your maintenance program with coolant testing that's fast, precise and affordable. See your Baldwin Filters distributor today for details about FleetStrip and Baldwin Filters' complete line of coolant filtration products.
